Assignment no 17

Code

Bank.sol

```
// SPDX-License-Identifier: UNLICENSED
pragma solidity ^0.8.0;

contract Bank {
    uint256 balance = 0;
    address public accOwner;

    constructor() {
        accOwner = msg.sender;
    }

    // Deposit
    function Deposit() public payable {
        require(
            accOwner == msg.sender,
            "You are not an account owner"
        );
        require(
            msg.value > 0,
            "Amount should be greater than 0!"
        );
        balance += msg.value;
    }

    // Withdraw
    function withdraw() public payable {
        require(
            accOwner == msg.sender,
            "You are not an account owner"
        );
        require(
            msg.value > 0,
            "Withdrawl money should be greater than 0."
        );
        balance -= msg.value;
    }

    // Show Balance
    function showBalance() public view returns (uint256) {
        require(
            accOwner == msg.sender,
            "You are not an account owner"
        );
        return balance;
    }
}
```
